Part A

The plan of action chalked out by the IQAC in the instigation of the year towards quality enhancement and the outcome achieved by the end of the year.

Brief outline of the Action Plan (2010-2011)

A plan of action was chalked out for the academic year 2010-2011 by the IQAC in consultation with the various departments of the College. All the faculty members of the college ardently shared their views regarding the overall development of the institution. The following highlights of the plan for the quality enhancement of the institution are as under:

- The students will be encouraged to opt for The Society for Creation of Opportunity through Proficiency in English (SCOPE) examination.
- Majority of faculties use ICT enabled education, as LCD projectors installed in some more classes.
- Improvement in Co-curricular and extra- curricular activities.
- Upgradation and improvement in college website.
- Encourage college faculty and students for participation in seminar, conference, workshops, competitions and reading activities.
- Soil testing programme of Gujarat Government successfully completed by students and department of chemistry. So students got benefit of earn while learning.
- Eminent faculties and scientists from other universities, institutions and industries were invited.

Outcome achieved by the end of the year.

- **The students will be encouraged to opt for The Society for Creation of Opportunity through Proficiency in English (SCOPE) examination.**

Digital English Language Laboratory (DELL) continues to enhance the English and communication skills of the students. The DELL is fully furnished with 25 computers and the English Language software. This laboratory was established with the financial assistance of Gujarat Government. The course module was designed and approved by Gujarat University. DELL center also provide all the facilities to conduct various levels of SCOPE on line examination.

- **Faculties use ICT enabled education, as LCD projectors installed in some more classes.**

As few classrooms are already equipped with Multimedia, computers and screen to enabled ICT teaching Learning. Many of the of the faculties use this facility apart from the conventional teaching. The faculty members were encouraged to prepare power point presentations of their subjects. Also some of the faculty members are frequently using educational transparency on over head projectors in the class rooms.

- **Improvement in Co-curricular and extra-curricular activities.**

The students were encouraged to participate actively in General Quiz, Drama, Cultural Programmes, Elocution, poster and Drawing competitions. The students also participated in inter-college competitions under “Swarnim Gujarat” programme of Gujarat government. Also the district level competitions were hosted by our College. The College campus was vibrating with extra-curricular activities under “Saptdhara” project. (See Photo P-11)

- **Upgradation and improvement in college website.**

The College website updated regularly throughout the year giving latest updates of activities. Students are frequently use college website for getting their internal examination results and old question paper bank. A running scroll regarding the information of upcoming events, projects and programmes was introduced.

- **Encourage college faculty and students for Industrial visit.**

To keep the linkage and maintain the pace with industry, an Industrial Interface Cell (IIC) organized a tour on 18th January 2011. The activities of IIC were focused to visit and gain knowledge regarding various industries within Gujarat. The seminars were held to present reports of visit by the students. (See Photo P-8)

- **To invite visiting faculties and scientists from other universities, institutions and industries.**

The scientists and researchers were invited to deliver the talk particularly in science faculty under Science Study Circle activity. In Arts faculty distinguished speakers from various universities and civic body visited to deliver expert talk.

- **Soil testing programme of Gujarat Government successfully completed by students and department of chemistry. So students got benefit of earn while learning.**

Government of Gujarat initiated soil health card programme for farmers. Department of chemistry had joined hands with Government of Gujarat for scientific evaluation of soil samples. Students were trained to analyze soil samples and got honorarium for that work.

- **To extend community services for senior citizens, women and self employed persons to provide computer literacy.**

The College assets were utilized for the community by offering computer learning for the senior citizens, women and self employed persons. The special batches to teach computer based tally programmes conducted at free of cost.

Part B

1. Activities reflecting the goals and objectives of the institution.

The goals and objectives of the College are set to impart best quality education, to encourage for all round development of students, to assist the students to tap career opportunities, to offer the opportunities and facilitate to students. The institute also insists to update the competence of staff, to develop infrastructure, to set system based and person independent administrative system and to contribute growth and well being of the society.

New academic session starts with full of enthusiasm and the faculty members are engaged in teaching in the sphere of basic and applied areas with the aim to impart best quality education to our students.

The updated annual planning guide was provided to every faculty member to carry on with the academic and extra-curricular activities all through the year. The activities were focused to involve more students in the area of their interest to enhance their personality and to keep pace with the changing scenario of modern world.

Skill enhancing add-on courses help our students to snatch the biggest career opportunities and to prepare them for the challenges of global competition. We are successfully running six career oriented programmes supported by UGC. The College computer centre and library are furnished with latest computers and internet facilities. **The internet facility is free for all the students.** The spoken English classes, beauty parlor classes for girl students, personality development workshops were arranged to develop soft skills. Apart from regular teaching student seminars and invited talks of experts and scientists from various universities were arranged. The students are also actively involved in Industrial visits, community surveys, projects work, and educational tours.

The College library is fully furnished with text books, reference books and free internet facilities. The students may access internet and read e-books. To enhance the English and communication skills, a new Digital English Language Laboratory (DELL) with 25 computers was established with the financial assistance of Government of Gujarat. The underprivileged students are given scholarship and free ship for various courses.

The use of ICT enabled teaching is the need of the hour. Some of the classrooms were equipped with multimedia projectors and internet broadband connections. The faculty members have started classroom teaching with power point presentations. The teaching staff frequently attends seminars, workshops and conferences to expand the horizons of the knowledge of their field. The non-teaching staff is also given training to digitize their data and make use of computers for the administrative work.

Our College is also perceptive to the community. A special module of computer education was designed which include basic computer operations and internet for senior citizens, women and self employed persons.

2. New academic programmes initiated (UG and PG).

No new academic programme initiated, But UGC sponsored and Gujarat University affiliated Six Career Oriented Courses are already operational for the students to pursue the course parallel to the regular course.

The six courses are as follow:

- Computer Application and Programming
- Refrigeration
- Seed Technology
- Tourism
- Applied Sociology
- Web Page Designing & Printing Technology

3. Innovations in curricular design and transaction.

Our College is affiliated to Gujarat University (GU), the syllabus framed by the Board of Studies, Gujarat University for UG and PG is followed by our College.

4. Inter-disciplinary programmes started.

A certificate course of English skills was started for the science and arts faculty students in the Digital English Language Laboratory. Our College frequently organizes seminars and workshops on interdisciplinary subjects.
