PROGRAMME STRUCTURE

Master of Arts in Economics

MA (Economics) Semester: II

Programme Outcome (PO)- For Economics Programme	Economics is one of the oldest subject taught. The development of society is precisely governed and determined by behaviour of an individual at a micro level on one hand and that of an aggregate behaviour of a number of different economic individual groups, economic sectors and different economic organizations as well. The programme enables students to understand, examine and evaluate various economic theories, economic programmes, economic policies, etc. The programme focuses to explain individual, organizational, regional, and international economic behaviour under static and dynamic conditions.
Programme Specific Outcome (PSO)- for MA Economics Semester-II	The programme will enable students to: 1. Identify The Types Of Costs and revenues of the production. 2. Distinguish between different market structures. 3. Apply the concepts of consumption theories to understand the economic activities. 4. Identify the problems and remedies of inflation. 5. Identify the problems and prospects of Indian rural economy.
To Pass	At least 40% Marks in the University Examination in each paper and 40% Marks in the aggregate of University and Internal examination in each course of Theory, Practical & 40% Marks in Viva-voce.
